

This Girl Can

Donald Basketball Association

This year our stadium is being redeveloped, therefore with the support from Basketball Victoria, our committee decided to hold our Aussie Hoops and Mixed Under 12 Competitions at the Primary School and Girls and Boys competitions at the High School. This enabled our players to be active, develop skills and enjoy the game.

A highlight has been seeing sisters and sister-in laws umpiring together. With a can-do attitude, our girls have been able to continue to play the game they love!! Pictured are some of our girls enjoying the game, thanks to the support of our local schools, umpires and supporters.
