

## This Girl Can

### Hannah Holmes – Mildura Motorcycle Club

I get motivated by being able to share the sport I love with my loved ones! I have been riding motorbikes since I was about 4 and get to share my passion with my family but mostly my Dad who is always encouraging me to push myself in this mostly male dominated sport. I like to race enduro, motocross, dirt track and speedway. I am currently passenger for my Dad racing speedway sidecar, I also get to give back to my sport by being the secretary of the Mildura Motorcycle Club and I'm a Mum to a little boy who loves motorbikes as much as I do. I've made many lifelong friends through this sport and my club and I'm hoping that I am inspiring the next generation of girl racers by doing what I love without worrying about what others think. So if This Girl Can then you can too!
